Re: Acct/045/004 Carr Fork Mine

Gentlemen:

Earlier this year I wrote requesting the status of our Mining and Reclamation Permit. This was a follow-up on our transmittal of July 19, 1978, which we understood was all the remaining data required by your Department to process the permanent application.

Since this mine is now in the start-up phase and we are actually shipping concentrate, we would certainly appreciate receipt of this permit. Would you please write or telephone to appraise me of the status of our application for permitting.

Yours sincerely,

ANACONDA COPPER COMPANY

A. H. DITTO, Manager  
Carr Fork Project
